Dear Sir,

Dhanekula Institute of Engineering & Technology started functioning from the academic year 2009 and offering undergraduate courses in engineering in specializations namely Computer Science & Engineering, Electrical & Electronics Engineering, Electronics & Communication Engineering, Mechanical Engineering, Civil Engineering, Information Technology and Artificial Intelligence & Machine Learning.

The Department of Computer Science & Engineering students would like to visit your esteemed organization which helps them in understanding the practical environment and widening their knowledge spectrum.

Hence we request your kind permission for our III year B.Tech CSE students accompanied by faculty to visit your company on your given dates. We also request you to give the permission for our bus entry into the company.

Please follow the attachment for the request letter for the same.

Thanking you and looking forward to your favorable reply.

—  
Regards,  
H. Gautam,  
Assistant Professor,  
Dept. of CSE,

## **Industrial Visit Report**

### **Aim for Industrial Visit:**

Industrial visit is considered as one of the tactical methods of teaching. The main reason behind this industrial visit was to let students know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices.

### **Details of Industrial Visit are as below:**

**Name:** Software Technology Parks of India, Govt. Polytechnic College, Vijayawada.

**Date of Visit:** 24th Aug 2023

**Year:** II year - 60 Students

**Faculty Name:** Mr. P.L.S. Narasimharao & Mrs. G. Mary Silviya

### **Description of the Visit:**

An Industrial Visit to STPI Data centers was organized for II ECE, Dhanekula Institute of Engineering and Technology. The names of the students who visited the industry were listed in the page attached. STPI-Vijayawada was established in April 2001, with an objective to promote Software exports from Vijayawada region and to support IT/ITES companies for growth through implement STP/EHTP Scheme, Providing Data communication Services to IT companies & Educational institutes, manage infrastructure facilities and other services like technology assessment and professional training etc. STPI-Vijayawada has constructed 50,000sft. IT Tower in G+6 floors building in 2019, it is named as VINCITY (Vijayawada Incubation Center for Innovation in Information Technology). This facility has 13,400sft. plug-n-play area with state-of-the-art infrastructure for IT/ITES companies to start their operations with minimum time and investment. Total capacity is 165workstation and 9 Manager Cabins, which are divided into small office's with 15-25 workstation and 1-2Manager cabins. Further 19,073sft. warm-shell space(3 floors) are there for companies to develop fit-outs as per their requirement, operation in VINCITY started from 2019, till date 6Nos of IT/ITES startups/SME companies availed the incubation service in this facility.

STPI-Vijayawada incubation facility is located in heart- of- the-city, it is convenient for employees to reach office 24X7 without any security problems. The Incubation facility has state-of-the-art infrastructure like Work Stations, Cubicles, Manager Cabins, Discussion Rooms, Conference hall etc. suitable to IT/ITES companies. The facility is fully air-conditioned, having Car & Scooter parking facility, 24X7 Security services, CCTV surveillance etc. STPI provides

reliable Internet connectivity with multiple upstream links for redundancy Network Operations Center(NOC) operates 24X7, which is handled by qualified technical staff to help incubation companies.

**VINCITY** has the infrastructure, which is equivalent to major IT Towers in metro cities. The facility has Integrated Building Management System (IBMS), Datacenter, training facility, uninterrupted power supply with 1+1 DG and UPS. Provides 24X7 access, Cafeteria facility, Sewage Treatment Plant and Solar Power generation etc.

**Datacenter:** Tier-III equivalent datacenter is being established in VINCITY to cater to the needs of IT companies. The datacenter will have infrastructure like precision AC, fire suppression system and other fire rated equipment. It will be monitored through Integrated BMS and Network Management System.

## DHANEKULA INSTITUTE OF ENGINEERING AND TECHNOLOGY REPORT ON PROJECT EXPO

Dt:15-09-2018

The department of ECE has organized a Project Expo on the occasion of Engineer's Day on 15<sup>th</sup> September 2018 to the students of **IETE**. The Guest of Honour for the above mentioned event is **Dr.M.Kamaraju**. He obtained his B.E (ECE) & ME (EI) from Andhra University, Ph.D (Low Power VLSI Design ) from JNTU, Hyderabad. He is presently working as a **Professor & Mentor (AS&A), Department of Electronics and Communication Engineering, Gudlavalleru Engineering College, Gudlavalleru**. He has rich research and teaching experience. He worked in several colleges in various capacities. He has 97 **Research/technical papers** Published in various journals National and International , and participated in national and international conferences. Dr. G. L. Madhumathi, HoD, Department of ECE, DIET has welcomed Dr.M.Kamaraju to chair the event for Engineer's Day celebrations 2018 . She also motivated the students in exploring their best potential with their projects.

Dr.M.Kamaraju has seen all the projects and posters exhibited by students and has taken the best out of them. He has congratulated the Winners and all the participants for their active participation in this event and encouraged the students by presenting them merit certificates and participation certificates. About 106 students of II, III & IV B.Tech along with **IETE** enrolled students have participated in the event. He also gave a motivational speech about the importance of Engineer's Day and the importance of engineers in society.

At the end, on behalf of the ECE Department and the Volunteers, we extend a very hearty vote of thanks to the honorable delegates who blessed us with their presence and took out valuable time of your busy schedule.

## Event Report

Date	16 March 2023
Event Name	Project Expo
Venue	T16, T17

Below are the list of project titles presented in the project expo.

- 1) **Monitoring of Crop Health in Aquaculture**
- 2) **Air quality Prediction Using ML**
- 3) **Smart Supporting System for Blind**
- 4) **Time and Action using Automation**
- 5) **Vehicle Accident Information Storage Container**
- 6) **Determining and the Vigilance of road accident hotspots**
- 7) **Applications of SMAP images in predicting crop**
- 8) **An intrusion detection model for forecasting insulin**
- 9) **Application of SAR images in Detecting Icebergs**
- 10) **Comment classification using sentiment analysis**
- 11) **SIGN language translation using DL**
- 12) **Object Detection and Estimating the Distance between objects**
- 13) **Vehicle pattern recognition**
- 14) **Child predators detection System on Social media**

Students presented the demo of their project and explained the different technologies and tools used in their projects.

Students and faculty from different departments are invited.

## SEMESTER TRAINING PLANNER FORM

Procedure for filling the Semester Training Planner

**Planning in advance is a must and the STP will help you do it very simply.**

While requesting for a Training, it is necessary to complete the new **Semester Training Planner** to ensure that:

- All the batches belonging to the different departments and the specific semesters come into the training program, rather than just a few batches and departments.
- The students are able to take training in maximum possible relevant FOSS before they graduate and leave campus

### **STEPS TO FILL THE NEW SEMESTER TRAINING PLANNER FORM:**

- Type <http://spoken-tutorial.org> in the browser. Now click on the Login link at the top right of the webpage. Login with your Username and Password.
- If you have not registered yet, then click on the below link to create your account: <http://spoken-tutorial.org/accounts/register/>
- Click on '**Software Training**' link present in the header part of the website. Select '**Training Dashboard**' and click on '**Semester Training Planner Summary (STPS)**',  
link: <http://spoken-tutorial.org/software-training/training-planner/>
- Select **Current Semester**: July- December, 2017. You can also plan for Next Semester: January – June, 2018 in advance.
- In case your Semester begins Mid-June onwards, please choose **July- Dec Semester** and select **1st July** as Semester Start Date.
- Select **Department** -        (*Mechanical, Electrical,.....*)  
  (*Single/Multiple*)
- Select **Batch: Department and Year**
- **Training Type:**
  - a. Select Software course **Outside lab hours.**
  - b. Select Software course **Mapped in lab hours.**
  - c. Select Software course **Unmapped in lab hours.**

- Fill **Semester Start Date** (Should fall in the given semester months)
- Select **Software course:** (List of Foss)
- Click on **Submit**
- **Note :** Not more than 3 **courses** can be requested in one semester per department.
- Organiser can Edit the semester start date, software course, department name and year before marking Participant List.

### STP Summary

Semester Start Date	Software course	Department Name	Batch Year	Participant List Status
---------------------	-----------------	-----------------	------------	-------------------------

- Please select and upload the Participants list from Master Batch. You may upload for 1 or more batches per department at a time.

## SELECT PARTICIPANT LIST FROM MASTER BATCH

IIT Bombay

Faculty Coordinator has to Select the **Participant List** from **Master Batch** who has taken part in a particular FOSS course and mark attendance/ check participants.

Before Selecting **Participant List** please ensure the **Master Batch** and **Semester Training Planner** are completed.

Login to spoken-tutorial.org with the Username and Password.

Click here for Master Batch: <http://spoken-tutorial.org/software-training/student-batch>

Click here for STP: <http://spoken-tutorial.org/software-training/training-planner/>

- Make sure you select the list of students taking the course/s you have chosen in the semester from the Master batch.
- Faculty Coordinator will have the "Check All" option on the Participant name and Select Language category.
- After uploading/ selecting the participant list, Organiser has to click on "**Submit**" which will complete the Training process online.

### SAMPLE PARTICIPANT LIST:

	Name	Email ID	Gender	Preferred Language
√	DIANA LOW	dianaly3129@gmail.com	Female	English
√	MINAKSHI SOLANKI	minakshi.solanki84@gmail.com	Female	English

**Please Note:** Selecting Participant List should be completed within **150 days** from the **Semester Start Date**.

## SEMESTER TRAINING PLANNER FORM

Procedure for filling the Semester Training Planner

**Planning in advance is a must and the STP will help you do it very simply.**

While requesting for a Training, it is necessary to complete the new **Semester Training Planner** to ensure that:

- All the batches belonging to the different departments and the specific semesters come into the training program, rather than just a few batches and departments.
- The students are able to take training in maximum possible relevant FOSS before they graduate and leave campus

### **STEPS TO FILL THE NEW SEMESTER TRAINING PLANNER FORM:**

- Type <http://spoken-tutorial.org> in the browser. Now click on the Login link at the top right of the webpage. Login with your Username and Password.
- If you have not registered yet, then click on the below link to create your account:  
<http://spoken-tutorial.org/accounts/register/>
- Click on '**Software Training**' link present in the header part of the website.  
Select '**Training Dashboard**' and click on '**Semester Training Planner Summary (STPS)**',  
link: <http://spoken-tutorial.org/software-training/training-planner/>
- Select **Current Semester**: July- December, 2017. You can also plan for Next Semester: January – June, 2018 in advance.
- In case your Semester begins Mid-June onwards, please choose **July- Dec Semester** and select **1st July** as Semester Start Date.
- Select **Department** -        (*Mechanical, Electrical,.....*)  
  (*Single/Multiple*)
- Select **Batch: Department and Year**
- **Training Type:**
  - a. Select Software course **Outside lab hours.**
  - b. Select Software course **Mapped in lab hours.**
  - c. Select Software course **Unmapped in lab hours.**

- Fill **Semester Start Date** (Should fall in the given semester months)
- Select **Software course:** (List of Foss)
- Click on **Submit**
- **Note :** Not more than 3 **courses** can be requested in one semester per department.
- Organiser can Edit the semester start date, software course, department name and year before marking Participant List.

### STP Summary

Semester Start Date	Software course	Department Name	Batch Year	Participant List Status
---------------------	-----------------	-----------------	------------	-------------------------

- Please select and upload the Participants list from Master Batch. You may upload for 1 or more batches per department at a time.

**STP Link:** <http://spoken-tutorial.org/software-training/training-planner/>

**Master Batch Link:** <http://spoken-tutorial.org/software-training/student-batch/>

## SELECT PARTICIPANT LIST FROM MASTER BATCH

IIT Bombay

Faculty Coordinator has to Select the **Participant List** from **Master Batch** who has taken part in a particular FOSS course and mark attendance/ check participants.

Before Selecting **Participant List** please ensure the **Master Batch** and **Semester Training Planner** are completed.

Login to spoken-tutorial.org with the Username and Password.

Click here for Master Batch: <http://spoken-tutorial.org/software-training/student-batch>

Click here for STP: <http://spoken-tutorial.org/software-training/training-planner/>

- Make sure you select the list of students taking the course/s you have chosen in the semester from the Master batch.
- Faculty Coordinator will have the “Check All” option on the Participant name and Select Language category.
- After uploading/ selecting the participant list, Organiser has to click on “**Submit**” which will complete the Training process online.

### SAMPLE PARTICIPANT LIST:

	Name	Email ID	Gender	Preferred Language
√	DIANA LOW	dianaly3129@gmail.com	Female	English

## The Spoken Tutorial project

- Self explanatory - uses simple language
- Audio-video - uses multisensory approach
- Small duration - has better retention
- Learner-centered - learn at your own pace
- Learning by doing - learn and practice simultaneously
- Empowerment - learn a new FOSS

## Target Group

- Students - High-School and College
- Working professionals - software users, developers and trainers
- Research scholars
- Community at large

## Workshops

The Spoken Tutorial Project Team conducts workshops on Linux, Ubuntu and other FOSS using spoken tutorials and gives certificates to those who pass an online test.

What makes Linux endearing to users? Linux consists of the kernel, libraries, and various applications. Each distribution of Linux is a different combination of these elements. And Ubuntu has found the favour of several users making it the most popular.

### What is Ubuntu Linux?

Ubuntu is an ancient African word meaning 'humanity to others'. It also means 'I am what I am because of who we all are'. The Ubuntu Linux operating system brings the spirit of Ubuntu to the world of computers.

Ubuntu is one of the latest and most widely downloaded distributions of Linux. It is the most popular flavor of Linux.

### So, what are the benefits of Linux and Ubuntu?

1. **Freeware software:** One of the greatest advantages of Linux OS is that it is free of cost; it does not include any paid subscriptions, paid premium editions, or extra paid software. There is very little maintenance cost and it is easy to run and maintain. Further, if you just want to check out the Linux OS, you have the option to boot from a CD, without installation, and try out the Linux experience.
2. **Manageability:** Linux is easy to manage, starting right from its installation, startup, shutdown, initialization, and package management. It is simple to deploy and you can complete a typical installation of the standard services within 15 minutes. Also, it does not include any additional extraneous applications, making it fast and efficient.
3. **Easy to upgrade and update:** The Linux OS

is easy to install and upgrade to obtain the latest features. Also, the process of obtaining updates is eased through the Debian and APT packaging, which makes the introduction of new software easy and smooth.

4. **Security:** Linux is hard-to-hack. To add to that, the frequent updates ensure that any further security risks are also eliminated.
5. **Vast source of online help:** There are little chances of getting stuck while installing or working with Linux. This is because of a large source of online help available for any issue related to Linux.
6. **User-friendly:** Ubuntu is user-friendly and easily available. It can also be easily installed. Ubuntu is one OS, currently being considered as the best bet for those struggling and considering moving away from Windows OS. Ubuntu is a clear indication that users are beginning to accept Linux as a better OS. Whether it is for personal use, for your organization or for propagating computer education among your community, Linux is the ideal choice. Its secure environment, user-friendliness and above all its ease of installation, makes it the most favoured OS among most users.
7. **Add-ons:** Linux is free and requires no costly add-ons. Download Linux from the Internet and install it on as many machines as you want. The same is true of most Linux application software.

### So, why Linux?

#### Support

Ubuntu & Linux are the best supported operating systems of all time. You can get help from tens of

thousands of active Linux users and programmers from all over the world, at any time.

#### Multi-platform

Windows is limited to Intel and Intel-compatible processors and only certain machine architectures. Linux and other Unix-compatible operating systems work on a wide variety of processors and machine architectures.

#### Open Protocols

Linux uses open protocols. There are no proprietary protocols that lock you. Monopolies do not exist in the Linux world.

#### With Linux, you can

- Browse the internet with Mozilla Firefox browser – easier, safer and faster, less susceptible to virus infections.
- Do office activities with LibreOffice Suite—a complete suite for document creation, spreadsheet, presentation, design and database. It supports all formats including MS-Word, MS-Excel, MS-Powerpoint.
- Program using Java, Python, C/C++, Shell-script, PHP & MySQL and many more.
- Create graphic designs using GIMP, Inkscape – for photo retouching, image composition and image authoring (equivalent to Photoshop).
- Use multimedia players like VLC, Movie Player for music and videos.

Do all of these & more without purchasing expensive commercial software. Use the Ubuntu Software Centre facility to download any software.
